

## **WI Report – May 2022**

After a quiet time when we didn't meet because of Covid restrictions we returned to having meetings in the summer of 2021.

In the months of July and August, we met outside in the newly refurbished village hall garden and enjoyed meeting up again. We have two new members to WI and to the village.

From September we resumed our meetings in the hall. Christmas lunch at The Angel in Needham Market. We had a very good meal and it was accessible to all our members.

The new year meetings, included a beetle drive and craft evening organised by Maree Connold. We celebrated our 75 birthday party by having lunch at the White Horse, Stoke Ash, again a very enjoyable event.

We found the work of Dr Nicola Ebbs fascinating. Nicola lives in our village and divides her week between working on the East Anglian Air Ambulance and being a consultant in the A and E department of the Ipswich Hospital.

Our July garden meeting is going to be at the home of Janet Mayell, The Old Post Office in Creeting. A lovely afternoon starting at 2 pm.

We have an open meeting in May, a talk on forensic science, we expect it to be very interesting, everyone welcome.

Each month members meet up for walks and patchwork.

To finish my report, we are hiring a bus in August, for our August meeting and having an afternoon in Beth Chatto's gardens.

This is a little insight into our WI in Creeting St Mary.
